## Legislation Update Medicare Modernization Act

The Medicare Modernization Act, if all goes according to plan, will take effect on January 1, 2006. Its implementation will affect MPSERS retirees on that date.

On July 29, 2005 John Winn, Nancy Ellis, and Barbara Brotherton, President of MEA-Retired, attended the presentation of what the MPSERS Health Initiative Review Committee (HIRC) is going to recommend to the MPSERS Board for adoption on August 18.

HIRC has worked diligently along with Blue Cross Blue Shield (BCBS) to fathom the meaning of the controversial Medicare Modernization Act MMA to determine its impact on our retirement system. MMA has the potential to return from \$83 million to \$86 million to the retirement system for continuing to provide prescription drug benefits to its retirees. An additional program, Medicare Advantage PDP, targeted to begin 2007, could raise that amount to \$140 - \$150 million per year.

In short, the Health Initiative Review Committee is recommending that:

- MPSERS coordinate with Medicare Part D prescription drug benefit beginning January 1, 2006
- Identify and modify current policies necessary to comport with MMA guidelines
- Pursue Medicare Advantage opportunity (a combination of Medicare Parts A, B, and D that is not available until 2007)
- Pursue implementation of a Health Savings Account (applies to pre-retirees and retired non-Medicare retirees)
- Pursue strategy in the event MMA incentives are reduced or eliminated

### Considerations (complications)

#### Federally Mandated \$37 Fee

Anyone can sponsor a plan and sell memberships to people for a \$37 a month fee. Companies who do this will be called Plan Sponsors. MPSERS will be considered a Plan Sponsor. Current law does not allow MPSERS to charge the federally mandated \$37 fee. Barring a technical amendment to Michigan law, MPSERS will absorb the \$37 fee into its current plan. MPSERS and HIRC have no say in this policy decision and the current plan is that retirees will not see the \$37 taken out of their pension benefit.

## Judi's Gems

Dear Gamma Alpha Sisters,

I am beginning my last year as president and the Nominations Committee does **not** have a chairman! Past Presidents are on the committee, but they need a "leader". The committee's responsibility is to seek out members willing to serve on Executive Board and prepare a slate of officers for the 2006-2008 biennium. Working on this committee is a good way to get involved and get to know some of our your *sisters* a little better.

Our chapter has 8 meetings each year. The committees try to make meetings valuable to you. Please put Gamma Alpha on your calendars and make attending meetings a priority. Meetings can be a time to renew friendships with colleagues and retired friends and make new members feel welcome. In order to streamline meetings, we will begin promptly at 4:30 and eat *afterwards*. Members with little ones can be in and out within an hour. Those who want to socialize can do so during dinner.

Fall Workshop is in Frankenmuth and the State Convention is at the Grand Hotel this year. These are great places for shopping, dining and attending a session or two! Attending State functions is one way to become active in the Society. Signing up for a committee is another way to get involved at the State level. I am co-chair of the World Fellowship Committee. The registration forms are in the *Wolverine*, in the newsletter and on our web-site.

Judi

Remember to **RSVP** to Lynne 5 days before the September 28 meeting.

### Two Good Reads by Jennifer Weiner

***In Her Shoes***- It's hard to imagine two sisters more different than 30-year-old Rose Feller and her 28-year-old sister, Maggie. But as both embark on a journey of self-discovery, they learn they have more in common than they ever realized. ***In Her Shoes*** is a fine book for anyone who knows the struggle of stepping out from behind a sibling's shadow.

***Good in Bed***- When Cannie Shapiro, a witty but overweight reporter for the *Philadelphia Examiner*, opens the latest issue of *Moxie*, a trendy woman's magazine, she's shocked and horrified to find an opinion piece by her ex-boyfriend, Bruce, that not only talks about their sex life but also about her insecurities about her weight. Hurt and even more insecure, Cannie signs up for an experimental weight-loss program. But then Bruce unexpectedly reenters her life when he phones to tell her of the death of his father. From there, it's a rollercoaster ride of ups and downs, wild success and bitter lows, during which Cannie finds success, peace, and even love.

## **Enrollment in Part D - - DO NOTHING**

MMA requires that any individual may choose to join any Plan they wish. Individuals may join a plan after November of 2005 and before May of 2006. Companies across the nation are developing Medicare Part D Plans. They will be using all of their marketing strategies to lure MPSERS retirees away from the MPSERS program. MPSERS cannot stop anyone from joining another plan.

However, Blue Cross Blue Shield has already arranged to have all MPSERS retirees **automatically** enrolled in the Part D program. As MPSERS Retirees we need to do NOTHING to participate, and what's more, if we do join another plan, **even if by accident or deception**, we will lose our current drug benefits from MPSERS. To continue coverage in the Retirement System drug plan:

- do not enroll in Part D on your own or with another PDP
- do not refuse or cancel the Retirement System's Part D enrollment or be disenrolled by Medicare
- do not be enrolled with another Plan that offers drugs to Medicare Members

## **Required Information**

MMA participation will require gathering of personal information by Medicare. At this point BCBS, who is dealing with the feds about this, is not certain just what information will be required. They indicate that for most folks Medicare already has enough information and that BCBS can provide most of whatever else they need. However, if Retirement System members are asked to provide additional information to the Office of Retirement Services (ORS) or Blue Cross Blue Shield, the information must be provided or automatic enrollment will not proceed for that individual.

## **In Case of Emergency Campaign "ICE"**

The Ambulance Service has launched a national "In Case of Emergency (ICE)" Campaign.

The idea is that you store the word "ICE" in your cell phone address book, and against it enter the number of the person you would want to be Contacted "In Case of Emergency".

In an emergency situation ambulance and hospital staff will then be able to quickly look at your mobile phone and find out who your first contact should be and be able to contact them.

It's so simple that everyone can do it. For more than one contact name use: ICE1, ICE2, ICE3, etc.

It really could help the emergency services in doing their job.
