

Minutes for June 1, 2005

Members present brainstormed ways to streamline meetings and make them more affordable for younger members.

Meetings will be held first and dinner and socializing after the meeting.

The 2005-2006 calendar was set. There are many great meetings being planned. The calendar is included in the newsletter.

At our first meeting we want to have chairman briefly talk about their committee's responsibilities and recruit members to be on a committee. Committees will be responsible for meetings.
