

April 8th Metro Council Luncheon

Fifteen Gamma Alpha members attended the Metro Council Luncheon/Birthday Dinner in April. The program included the Cass Tech Harp and Vocal Ensemble. The ensemble is under the direction of Alpha member Pat Terry-Ross. After the luncheon Gamma Alpha installed officers.

Grant-in-Aid

Each year our Holiday Auction has raised enough money to make two Grant-in-Aid awards. Kathleen O'Connor was one of the two young women who received a \$500 award. Kathleen balances working at Home Depot, her academics, extra curricular activities and volunteering while maintaining the high standards expected by the University Honors Program at Eastern Michigan University. Kathleen intends to teach math at the secondary level.

Adios to Lynne

Lynne received the traditional $\Delta\text{K}\Gamma$ etched vase honoring her retirement from Wayne-Westland Schools.

Breakfast Bunch at the Grand!

We really did attend some meetings...we just didn't pay attention!

Our Service Project “Horse of Hope” didn’t win a prize, but we think he was the best because symbols of our Service Projects cover him! Giddy-up!

Incoming President Jackie Smart and Outgoing President Judi Fisher at the Presidents’ Banquet.

We're so pretty! Oh, so pretty! Twelve members attended the State Convention. L-R: Lynne Elsesser, Joan Murray-Custer, Bonnie Franka, Carol Anderson, Grace Morgan, Helen Mate, Jackie Smart, Judi Fisher, Mary Jo Dreffi, and Donna Colaianne. Esther Loskowske and Alice Duke were there, but slinked off to bed (or to the Cupola bar) before the picture was taken. They were snapped at the Awards Breakfast.

Gamma Alpha earned many awards at the State Convention. Second Place and \$30 for the newsletter and a Pace Setter Award for the Yearbook (good work, Colleen R.) Judi holds the President's Award, the Award of the Rose, and the Membership Award.

Helen received recognition from the State as Gamma Alpha's Chapter Woman of Distinction. Jackie brought her entire family to the Grand. Hannah was heard saying that she could get used to this kind of life.
